

# DATASHEET

**Action in Ultra HD image quality.**

**Highly focused and detailed images above and under water.**

ACTIONCAM

**AC-777**

The AC-777 supplies excellent image quality, coupled with many recording options. In time lapse mode, under water or at live transfer of the image to your Smartphone: The many accessories remove all limits on your ideas.

Due to its water-proof protective housing, the camera can be used under water at depths of up to 30 metres. The 170° super-wide-angle lens ensures greatest depth of field in your recordings.

The AC-777 records a smooth and perfectly focused image. The high-performance rechargeable battery allows up to 90 minutes of recorded film.

## HIGHLIGHTS

- 4K video resolution (3,840 x 2,160 pixels/25 fps)
- WiFi for live image transmission of the image to the Smartphone
- 2.0" TFT-LCD Display
- Incl. water-tight housing for recordings at a water depth of up to 30 m
- Replaceable Lithium Ion batteries (1050 mAh) for up to 90 minutes of recording (without WiFi)
- Micro HDMI and Micro USB connections
